As described in the “notice and access” notification mailed to shareholders of the Corporation, UPC has opted to deliver its Meeting materials to shareholders by posting them on its website (www.uraniumparticipation.com). MANAGEMENT PROXY CIRCULAR
(all information as at May 14, 2015 unless otherwise noted)

PERSONS MAKING THE SOLICITATION

This Management Proxy Circular (the “Circular”) is furnished to you in connection with the solicitation of proxies being made by the management of Uranium Participation Corporation (“UPC” or the “Corporation”) for use at the Annual General Meeting of the holders (“Shareholders”) of common shares in the capital of the Corporation (the “Common Shares”) to be held on Monday, June 29, 2015 at the time and place and for the purposes set forth in the accompanying Notice of Meeting. While the Corporation expects that the solicitation will be made primarily by mail, proxies may be solicited personally or by telephone by directors and officers of the Corporation at a nominal cost.

All costs of this solicitation will be borne by the Corporation.

APPOINTMENT OF PROXIES

The individuals named in the accompanying form of proxy (the “Proxy”) are directors or officers of the Corporation. **AS A SHAREHOLDER YOU HAVE THE RIGHT TO APPOINT SOME OTHER PERSON OR CORPORATION (WHO NEED NOT BE A SHAREHOLDER) TO ATTEND AND ACT FOR YOU AND ON YOUR BEHALF AT THE MEETING OTHER THAN THE PERSONS DESIGNATED IN THE PROXY, EITHER BY INSERTING SUCH PERSON’S OR CORPORATION’S NAME IN THE BLANK SPACE PROVIDED IN THE PROXY AND STRIKING OUT THE TWO PRINTED NAMES, OR BY COMPLETING ANOTHER PROXY.** No proxy, including the Proxy, will be valid for use at the Meeting, or any adjournment thereof, unless it is completed, dated and signed and delivered to Computershare Investor Services Inc. (“**Computershare**”), Toronto Office, Proxy Department, at 100 University Avenue, 9th Floor, Toronto, Ontario, Canada M5J 2Y1 by **9:30 a.m.** (Eastern Time) on **June 25, 2015**. For general inquiries, Shareholders may contact Computershare as follows by telephone at 1-800-564-6253 or by e-mail at service@computershare.com.

If you are a beneficial Shareholder and receive these materials through your broker or through another intermediary, please complete and return the Proxy or voting instruction form in accordance with the instructions provided by your broker or other intermediary.

ADVICE TO NON-REGISTERED HOLDERS OF COMMON SHARES

These Shareholder materials are being sent to both registered and non-registered Shareholders. If you are a non-registered Shareholder and UPC or its agent has sent these materials directly to you, then your name, address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding Common Shares on your behalf.

The information set forth in this section is of significant importance to many Shareholders of the Corporation, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold Common Shares in their own name, referred to in this Circular as “non-registered holders”, should note that only Proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. However, in many cases, Common Shares beneficially owned by a non-registered holder are either:

- (a) in the name of an intermediary that the non-registered holder deals with in respect of the Common Shares, such as, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- (b) in the name of a depository, such as CDS Clearing and Depository Services Inc. (“**CDS**”), of which the intermediary is a participant.

In accordance with Canadian securities laws, UPC has distributed copies of the Notice of Meeting, this Circular and the Proxy (collectively, the “**meeting materials**”) to CDS and intermediaries for onward distribution to those non-registered holders to whom UPC has not sent the meeting materials directly.

In such cases, intermediaries are required to forward meeting materials to non-registered holders, unless a non-registered holder has waived the right to receive them. Very often, intermediaries will use a service corporation (such as Broadridge Financial Solutions, Inc.) to forward the meeting materials to non-registered holders. UPC does not intend to pay for delivery of the meeting materials to the “objecting beneficial holders” (“**OBOs**” as defined in National Instrument 54-101), and as a result, the OBOs will not receive the meeting materials unless their intermediary assumes the cost of delivery.

Non-registered holders who have not waived the right to receive meeting materials will receive either a voting instruction form or, less frequently, a Proxy. The purpose of these forms is to permit non-registered holders to direct the voting of the Common Shares that they beneficially own. Non-registered holders should follow the procedures set out below, depending on which type of form they receive.

- A. Voting Instruction Form. In most cases, a non-registered holder will receive, as part of the meeting materials, a voting instruction form. If the non-registered holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the non-registered holder’s behalf), the voting instruction form must be completed, signed and returned in accordance with the directions on the form. If a non-registered holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the non-registered holder’s behalf), the non-registered holder must complete, sign and return the voting instruction form in accordance with the directions provided, and a Proxy giving the right to attend and vote will be forwarded to the non-registered holder.

Or

- B. Form of Proxy. Less frequently, a non-registered holder will receive, as part of the meeting materials, a Proxy that has already been signed by the intermediary (typically by facsimile, stamped signature) which is restricted as to the number of Common Shares beneficially

owned by the non-registered holder, but which is otherwise uncompleted. If the non-registered holder does not wish to attend and vote at the Meeting in person (or to have another person attend and vote on the non-registered holder's behalf), the non-registered holder must complete the Proxy and deposit it with Computershare as described above. If a non-registered holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the non-registered holder's behalf), the non-registered holder must strike out the names of the persons named in the Proxy and insert the non-registered holder's (or such other person's) name in the blank space provided.

Non-registered holders should follow the instruction on the forms that they receive and contact their intermediaries promptly if they need assistance.

REVOCATION OF PROXIES

A registered Shareholder who has given a Proxy may revoke it by an instrument in writing executed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivering it either to the registered office of the Corporation, at Atrium on Bay, Suite 402, 595 Bay St., Toronto, Ontario, Canada, M5G 2C2, at any time up to and including 9:30 a.m. (Toronto time) on the last business day preceding the day of the Meeting or to the Chair of the Meeting on the day of the Meeting or any adjournment of the Meeting. **Only registered Shareholders have the right to revoke a Proxy. Non-registered holders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective intermediaries to revoke the Proxy on their behalf.**

A revocation of a Proxy does not affect any matter on which a vote has been taken prior to the revocation.

EXERCISE OF DISCRETION

On any ballot that may be called for at the Meeting, the Common Shares represented by a properly executed Proxy given in favour of the persons designated by management of the Corporation in the enclosed Proxy will be voted or withheld from voting in accordance with the instructions given on the Proxy.

Where Shareholders have properly executed Proxies in favour of the management nominees named in the enclosed form of Proxy and have not specified in the form of Proxy the manner in which the named management nominees are required to vote the Common Shares represented thereby, such Common Shares will be voted in favour of the passing of the matters set forth in the Notice of Meeting.

The enclosed Proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the persons appointed Proxy holders thereunder to vote with respect to any amendments or variations of matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the time of the printing of this Circular, the management of the Corporation knows of no such amendment, variation or other matter that may be presented to the Meeting.

ELECTRONIC DELIVERY OF DOCUMENTS

Every year, as required by laws governing public companies, the Corporation delivers documentation to Shareholders. In order to make this process more convenient, Shareholders may choose to be notified by email when the Corporation's documentation, including the meeting materials, is posted on the Corporation's website (www.uraniumparticipation.com) and, accordingly, such documentation will not be sent in paper form by mail other than as required by applicable laws.

Delivery in an electronic format, rather than paper, reduces costs to the Corporation and benefits the environment. Shareholders who do not consent to receive documentation through email notification will continue to receive such documentation by mail or otherwise, in accordance with securities laws. By consenting to electronic delivery, Shareholders: (i) agree to receive all documents to which they are entitled electronically, rather than by mail; and (ii) understand that access to the Internet is required to receive a document electronically and certain system requirements must be installed (currently Adobe Acrobat Reader to view Adobe's portable document format ("PDF")). Such documents may include the interim consolidated financial statements and management's discussion and analysis ("MD&A"), the annual report (including audited annual consolidated financial statements and MD&A), the notice of annual and/or special meeting and related management information circular and materials, and other corporate information about the Corporation.

At any time, UPC may elect to not send a document electronically, or a document may not be available electronically. In either case, a paper copy will be mailed to Shareholders.

Registered Shareholders can consent to electronic delivery by completing and returning the consent included with the form of Proxy. Non-registered Shareholders can consent to electronic delivery by completing and returning the appropriate form received from the applicable intermediary. The Corporation will notify Shareholders using the email address provided by the Shareholder on the form of Proxy when the documents that the Shareholder is entitled to receive are posted on the Corporation's website, with a link to the specific pages of the website containing the PDF document. Shareholders are not required to consent to electronic delivery.

NOTICE AND ACCESS

In November 2012, the Canadian Securities Administrators announced the adoption of regulatory amendments to securities laws governing the delivery of proxy-related materials by public companies. As a result, public companies are now permitted to advise their shareholders of the availability of all proxy-related materials on an easily accessible website, rather than mailing physical copies of the materials.

The Corporation has decided to deliver its meeting materials to Shareholders by posting them on its website at www.uraniumparticipation.com. The meeting materials will be available on the Corporation's website on May 28, 2015 and will remain on the website for one full year. The Circular will also be available on the System for

Shareholders may request copies of the meeting materials by mail at no cost until May 28, 2016 by email to info@uraniumparticipation.com or by calling 1-888-689-7842. For Shareholders who wish to receive copies of the Circular in advance of the voting deadline, requests must be received **no later than June 17, 2015**.

Electronic Document Analysis and Retrieval (“**SEDAR**”) at www.sedar.com on May 28, 2015.

The Corporation has decided to mail paper copies of the Circular to those registered and non-registered Shareholders who had previously elected to receive paper copies of the Corporation’s meeting materials. All other Shareholders will receive a “notice and access” notification which will contain information on how to obtain electronic and paper copies of the Circular in advance of the Meeting and for a full year following the Meeting.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No Person has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting other than the election of directors or the appointment of auditors. The Common Shares are the only shares issued by the Corporation. As at the date hereof, the Corporation has issued and outstanding 116,516,413 fully paid and non-assessable Common Shares without par value, each share carrying the right to one vote.

The record date for the determination of the Shareholders entitled to receive notice of the Meeting is at the close of business on May 14, 2015 (the “**Record Date**”). In accordance with the provisions of the *Business Corporations Act* (Ontario) (the “**OBCA**”), the Corporation will prepare a list of holders of Common Shares on such Record Date. Each holder of Common Shares named on the list will be entitled to vote the Common Shares shown opposite his or her name on the list at the Meeting except to the extent that (a) the holder has transferred any of his or her Common Shares after the Record Date, and (b) the transferee of such Common Shares produces properly endorsed share certificates or otherwise establishes that he or she owns such Common Shares and demands, not later than ten days before the Meeting, that his or her name be included in the list before the Meeting, in which case the transferee is entitled to vote such Common Shares at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, as of the Record Date, the only person or company who beneficially own or exercise control or direction over, directly or indirectly, voting securities of the Corporation carrying more than 10% of the voting rights attached to any class of voting securities of the Corporation, is as follows:

To the knowledge of the Corporation, the only matters to be dealt with at the Meeting are:

- (a) to receive the Corporation's consolidated financial statements for the year ended February 28, 2015, along with the auditor's report on the statements;

ELECTION OF DIRECTORS

The articles of the Corporation provide that the board of directors (the "**Board**") consists of a minimum of one and a maximum of ten directors.

During the last fiscal year, the Corporation's Board was composed of six directors. In accordance with a resolution passed by the Board on May 6, 2015, the number of directors to be elected at the Meeting is six. The persons named in the Proxy intend to vote for the election of the following directors:

Unless otherwise instructed, Proxies and voting instructions given pursuant to this solicitation by UPC's management will be voted FOR the election of the proposed nominees. If any proposed nominee is unable to serve as a director or withdraws his name, the named proxyholders reserve the right to nominate and vote for another individual in their discretion.

UPC's Board recognizes that the quality of its directors is an important factor in the overall success of the Corporation. UPC is committed to ensuring that its Board is composed of members who have the competencies, capabilities and diversity required to understand UPC's business, along with the integrity and motivation required to properly discharge their fiduciary duties in the long term best interests of the Corporation and all of its Shareholders.

Advance Notice Requirements

The By-Law No. 1, as amended, (“**By-Law No. 1**”) contains advance notice and nominee information requirements (the “**Advance Notice Requirements**”) for nominations of directors prior to any annual or special meeting where directors are to be elected. The Advance Notice Requirements are important for the Corporation and for Shareholders for a number of reasons:

- The Advance Notice Requirements provide the Corporation with adequate prior notice of director nominations.
- The Advance Notice Requirements ensure the Corporation has sufficient information about nominees. This way, the Corporation will be in a better position to evaluate a proposed nominee’s qualifications and suitability to serve as a director of the Corporation.
- The Advance Notice Requirements facilitate an orderly and efficient meeting process.

The Corporation did not receive notice of any director nominations in connection with the Meeting within the time periods prescribed by the By-Law No. 1. Accordingly, at the Meeting the only persons eligible to be nominated for election to the Board are the above nominees.

The table below sets out information about each nominated director as of May 14, 2015, including their background and experience, main areas of expertise, other boards of which they are members. In addition, the table discloses the number of Common Shares that he owns or over which he exercises control or direction (as provided by each director).

The Board has adopted share ownership requirements for its members, which requires directors to own Common Shares with a cost equal to two times the value of their annual director retainers within one year from joining the Board (the “**Share Ownership Requirement**”). The Corporation has suspended the application of this requirement for Messrs. Hayslett and Mani until the Corporation’s Common Shares are able to be deposited through DTC in the United States. Majority Voting Policy

In January 2014, the Board adopted a majority voting policy. Under this policy, if a nominee for director receives a greater number of votes “withheld” from his election than votes “for” his election from the Common Shares voted at the Meeting, he will promptly tender his resignation to take effect upon acceptance by the Board. The Corporate Governance and Nominating Committee will expeditiously consider the director’s offer to resign and make a recommendation to the Board whether to accept that offer. Within 90 days of the Meeting, the Board must make a final decision concerning the acceptance of the director’s resignation.

Any director who tenders his resignation will not participate in the deliberations of the Board or any of its committees pertaining to the resignation. The majority voting policy applies only in circumstances involving an uncontested election of directors, meaning an election in which the number of nominees is equal to the number of directors to be elected.

REAPPOINTMENT AND REMUNERATION OF THE AUDITOR

The Common Shares represented by the Proxies solicited in respect of the Meeting or any ballot that may be called for, unless authority to do so is withheld, will be voted for the appointment of the firm of PricewaterhouseCoopers LLP (“**PwC**”), Chartered Professional Accountants, as the auditor of the Corporation until the next annual meeting, and to authorize the directors to fix the remuneration of the auditor. PwC LLP has been the auditor of the Corporation since March 29, 2005.

UPC'S CORPORATE GOVERNANCE PRACTICES

UPC is a reporting issuer in all of the provinces of Canada. Its Common Shares trade on the Toronto Stock Exchange (TSX: U).

Upon its formation, UPC appointed Denison Mines Inc. (the "**Manager**"), a wholly owned subsidiary of Denison Mines Corp ("**DMC**"), to manage UPC pursuant to an administrative management services agreement (the "**Management Services Agreement**"). See "Management Contracts".

The Board of Directors

UPC's Board is currently comprised of six directors. It is proposed that all six directors be re-elected at the Meeting, all of whom are independent.

In accordance with TSX requirements, each of the six directors proposed by management is to be elected individually at the Meeting to serve until the end of the next annual meeting of Shareholders.

Independence

The Board is responsible for determining whether or not each director is independent. This assessment is made in accordance with standards of the Canadian Securities Administrators in National Instrument 52-110 – *Audit Committees* ("**NI 52-110**") and the Governance Guidelines. With the assistance of the Corporate Governance and Nominating Committee, the Board reviews each director's independence annually and upon the appointment or election of a new director. The Board last considered this matter at its meeting on May 6, 2015. The following table sets out the Board's determination and reasoning with respect to each nominee for election at the Meeting:

Name	Independent	Not Independent	Commentary on Independence
Paul J. Bennett	x		
Thomas Hayslett	x		
Jeff Kennedy	x		Mr. Kennedy was determined to be independent under NI 52-110. The Role of the Board

The Board of UPC is responsible for the direction of the business, affairs and operations of the Corporation and the oversight of the Manager.

The Board has adopted a formal mandate setting out the role and responsibilities of the Board (see Appendix A). In order to delineate the roles and responsibilities of the Chairman of the Board, the

Chair of each committee of the Board and the President and Chief Executive Officer (the “CEO”), the Board has also adopted written position descriptions for each of these positions.

In discharging its stewardship over the Corporation, the Board has undertaken the following specific duties and responsibilities:

- to the extent feasible, satisfying itself as to the integrity of the CEO and other executive officers and that the CEO and other executive officers create a culture of integrity throughout the organization;
- adoption of a strategic planning process and approving, on at least an annual basis, a strategic plan which takes into account, among other things, the opportunities and risks of the business;
- the identification of the principal risks of the Corporation’s business and ensuring the implementation of appropriate systems to manage these risks;
- succession planning, including the appointment and monitoring of management and the Manager;
- adopting a communications policy for the Corporation; and
- oversight of the integrity of the Corporation’s internal control and management information systems and those of its Manager.

Generally, operations in the ordinary course or that are not in the ordinary course and do not exceed material levels of expenditures or commitment on the part of the Corporation have been delegated to management. Decisions relating to matters that are not in the ordinary course and that involve material expenditures or commitments on the part of the Corporation generally require prior approval of the Board. As the Board has plenary power, any responsibility which is not delegated to management or a Board committee remains with the Board.

The responsibilities of the Chairman include presiding over Board meetings, assuming principal responsibility for the Board’s operation and functioning independent of management and ensuring that Board functions are effectively carried out.

The responsibilities and authorities of the Chair of each committee of the Board are set out in the mandate for each committee and in the Board’s mandate. Generally, the Chair of a committee leads and oversees the activities of the committee to ensure that it fulfills its mandate and operates independently of management.

The CEO is appointed by the Board and, subject to the oversight of the Board, is responsible for the management of the Corporation’s business, providing leadership and vision, developing and recommending significant corporate strategies and objectives for approval by the Board. In addition to setting out the CEO’s responsibilities, the Board’s mandate also establishes limits of authority for the CEO.

Board Committees

To assist the Board with its responsibilities, the Board has established three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee. Each committee has a written mandate and reviews its mandate annually. Each of the standing committees has responsibility in its area of expertise for identifying the principal risks in UPC’s business and monitoring management’s implementation and assessment of appropriate risk management systems.

The Audit Committee

The Audit Committee has three members:

- Garth MacRae (Chair)
- Ganpat Mani
- Richard McCoy

Members of the Audit Committee must be independent and financially literate for the purposes of NI 52-110. Mr. MacRae is a Chartered Professional Accountant, who has held the position of Chief Financial Officer at a public company. He has also served on the audit committees of a number of public company boards. Mr. Mani has held a number of director and senior officer positions with public companies. He also has a Master of Business Administration degree from Rutgers University. Finally, Mr. McCoy has a Bachelor of Commerce degree and a Master of Business Administration degree and over 35 years of experience in investment banking. He has also served on the audit committees of public company boards.

The Audit Committee oversees the accounting and financial reporting processes of the Corporation and its subsidiary and all audits and external reviews of the financial statements of UPC, on behalf of the Board, and has general responsibility for oversight of internal controls, and accounting and auditing activities of the Corporation and its subsidiary. The Audit Committee reviews, on a continuous basis, any reports prepared by UPC's auditor relating to the Corporation's accounting policies and procedures, as well as internal control procedures and systems. The Audit Committee is also responsible for examining all financial information, including annual and quarterly financial statements, prepared for securities commissions and similar regulatory bodies prior to filing or delivery of the same.

All auditing services and non-audit services to be provided to the Corporation by the Corporation's auditor are pre-approved by the Audit Committee, and the Audit Committee reviews the independence of PwC, the Corporation's external auditor. The Audit Committee also oversees the annual audit process, the quarterly review engagements, the Corporation's internal accounting controls, the Code of Ethics and Whistleblower Policy. The Audit Committee recommends to the Board the firm of independent auditor to be nominated for appointment by the Shareholders.

The Audit Committee also oversees the Corporation's internal audit function. The Corporation's senior internal auditor reports directly to the Chair of the Audit Committee on matters related to internal accounting controls.

The Audit Committee met four times since the start of its most recently completed financial year. The Audit Committee met *in camera* without management present at every meeting with the external auditor.

For information required by NI 52-110, please refer to the Corporation's Annual Information Form under the heading "Standing Committees – Audit Committee".

The Compensation Committee

The Compensation Committee has two members:

- Paul Bennett (Chair)
- Garth MacRae

All officers of UPC are provided under the Management Services Agreement by the Manager and UPC does not compensate any executives. The Compensation Committee has been mandated to review the adequacy and form of the compensation of directors and to ensure that such compensation realistically reflects the responsibilities and risks involved in being an effective director.

Members of the Compensation Committee must be independent and have experience and skills relevant to executive compensation. Both Messrs Bennett and MacRae have served as executives and directors for many public companies and each have over 40 years of experience with natural resources companies providing them with a significant breadth and depth in determining compensation. Mr. MacRae also holds a Chartered Professional Accountant designation. The Compensation Committee met once during its most recently completed financial year.

The Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee has four members:

- Jeff Kennedy (Chair)
- Paul Bennett
- Thomas Hayslett
- Richard McCoy

Members of the Corporate Governance and Nominating Committee must be independent.

This Committee is responsible for UPC's approach to corporate governance, monitors the regulatory environment and recommends changes to the Corporation's practices when appropriate. The Corporate Governance and Nominating Committee oversees the effective functioning of the Board and the relationship between the Board and management. The Corporate Governance and Nominating Committee ensures that the Board can function independently of management as required, identifies individuals qualified to become new Board members and recommends to the Board the director nominees at each annual meeting of Shareholders and, with the assistance of the Board and where necessary, develops an orientation and education program for new recruits to the Board.

In identifying possible nominees to the Board, the Corporate Governance and Nominating Committee considers the competencies and skills necessary for the Board as a whole, the skills of existing directors and the competencies and skills each new nominee will bring to the Board, as well as whether or not each nominee will devote sufficient time and resources to the Board and whether he or she is independent within the meaning of the Governance Guidelines.

The Corporate Governance and Nominating Committee also annually reviews and makes recommendations to the Board with respect to: (i) the size and composition of the Board; (ii) the independence of Board members; (iii) the composition of the committees of the Board; (iv) the effectiveness and contribution of the Board, its committees and individual directors, having reference to their respective mandates, charters and position descriptions; and (v) compliance with and amendments to the Board mandates, policies and guidelines.

The Corporate Governance and Nominating Committee has adopted the annual practice of distributing and reviewing the results of written board effectiveness assessments. The assessments question members of the Board as to their level of satisfaction with the functioning of the Board, its interaction with management and the performance of the standing committees of the Board. The

Board members also conduct peer reviews and a self-assessment as to their effectiveness as a Board member. After the assessments are reviewed, the Corporate Governance and Nominating Committee reports to the Board as to the results and make recommendations to the Board to improve UPC's corporate governance practices. This process occurs annually prior to the consideration by the Corporate Governance and Nominating Committee of nominations for Board member elections at the Annual Meeting of Shareholders each year.

In addition, the Corporate Governance and Nominating Committee reviews the Corporation's disclosure of its corporate governance practices in the Circular each year. The Corporate Governance and Nominating Committee met three times in the last fiscal year.

Director Term Limits and Female Representation in Management and on the Board

The Corporation has not instituted director term limits for two reasons, as follows:

- i. The Corporation's Board of Directors has experienced new membership recently without the imposition of formal term limits through natural turn-over and succession planning. Over the last three years, three new directors joined UPC's Board. Two of these new members, Messrs. Mani and Hayslett, who joined the Board last year, have been nominated for re-election at the Meeting and bring new and diverse perspectives to the Board.
- ii. The Corporation believes that, in taking into account the nature and size of the Board and the Corporation, it is more important to have relevant experience than to impose set time limits on a director's tenure, which may create vacancies at a time when a suitable candidate cannot be identified and as such would not be in the best interests of the Corporation.

In lieu of imposing term limits, the Corporation regularly monitors director performance through annual evaluations and regularly encourages sharing and new perspectives through regularly scheduled Board meetings, meetings with only independent directors in attendance, as well as through continuing education initiatives. On a regular basis, the Corporation analyzes the skills and experience necessary for the Board and evaluates the need for director changes to ensure that the Corporation has highly knowledgeable and motivated Board members, while ensuring that new perspectives are available to the Board.

The Board recognizes that diversity enriches the decision making process and is important to the Corporation's good governance. The Board formally adopted a Diversity Policy in January 2015, which clarifies the Corporation's commitment to identifying and considering women for its Board. Along with the adoption of the Diversity Policy last year, the Board also amended the guidelines by which the Corporate Governance and Nominating Committee considers the composition of the Board and evaluates candidates to include a commitment for the Committee to consider qualified female candidates for nomination to the Board to further the Board's goals of achieving gender diversity.

Each year, the Corporate Governance and Nominating Committee is required to measure and report to the Board as to the Company's annual and cumulative progress in achieving targets for representation of women within UPC. The Corporation's Corporate Governance and Nominating Committee has not considered the level of representation of women in its executive officer positions or on its Board in previous nominations (including a targeted number or percentage). The Board currently has six members and three executive officers, none of whom are women.

The Corporation's targets were set for the first time under the Diversity Policy last month. The Corporation believes that the current composition of the Board is highly effective and that the Board is well-composed and does not propose a change to the Board at this time. UPC has set a target of

considering gender diversity as a key factor in its nomination process, when the next vacancy arises on the Board.

The Corporation's Executive Officers are provided to UPC by the Manager, pursuant to the Management Services Agreement. The ultimate decision by the Manager to recommend a candidate for appointment as an Executive Officer is based on merit, experience and the contribution that the candidate can bring to the position. In this regard, the Board has determined that it will encourage the Corporation to actively seek out women, having the necessary skills, knowledge and experience, to evaluate as potential candidates in order to further the Corporation's goals of achieving gender diversity among its Executive Officers.

Director Education

The Board encourages directors and senior management to participate in appropriate professional and personal development activities, courses and programs.

To advance the Board's understanding of the nuclear industry director education is implemented in the following ways at UPC:

- An on-line board portal dedicated exclusively to the Board

In addition to housing meeting materials, UPC's board portal includes a reference manual, which includes corporate information, industry information, regulatory and governance updates and corporate policies. As a hosted website dedicated to our Board, the portal is current and available to directors wherever they are.

- Management Presentations to the Board and to Committees

When appropriate, management prepares and presents relevant information to Board members. For instance, at each regular Board meeting, the CEO provides an industry and market update. Similarly, the Corporation's legal counsel provides directors and officers with summary updates of any developments relating to the duties and responsibilities of directors and officers and to any other corporate governance matters. The Chief Financial Officer ensures that the Audit Committee is apprised of relevant developments and issues.

- Updates and Subscriptions

Management distributes updates, newsletters and articles on industry and regulatory information to the Board on a regular basis via email. Additionally, the Corporation maintains subscriptions to regular newsletters on topics of interest that are circulated to the Board.

Management also provides new Board members with an orientation session, covering a range of topics from the role of the Board, its committees and directors to UPC's business and the uranium business generally.

Fiscal 2015 Attendance Record

The table below shows the number of Board and committee meetings each director attended since the beginning of the financial year ended February 28, 2015. At every Board and committee meeting including those held by teleconference, directors have an opportunity to meet *in camera* without management present.

UPC's Code of Ethics & Whistleblower Policy

The Corporation is committed to conducting its business in compliance with the law and the highest ethical standards. UPC has adopted a written Code of Ethics which applies to directors and officers of the Corporation. Each of the Corporation's officers and directors are required to acknowledge that they have read and agree to the Code of Ethics. The Code of Ethics sets out principles and standards for honest and ethical behavior at UPC and covers the following key areas:

- compliance with applicable laws
- conflicts of interest
- insider trading
- quality of disclosure and accountability
- confidentiality and corporate opportunity
- reporting illegal or unethical behavior

The Corporation posts the code for officers and directors to easily review. The Audit Committee periodically discusses relevant matters with management to ensure satisfactory compliance with the code. Directors or officers who have concerns about violations of laws, rules or regulations, or of the Code of Ethics are to report them to the Corporate Secretary or to the Chair of the Audit Committee. Following receipt of any complaints, the Corporate Secretary or Chair of the Audit Committee, as the case may be, will investigate each matter so reported and report to the Audit Committee. The Audit Committee has primary authority and responsibility for monitoring compliance with and enforcing the Code of Ethics, subject to the supervision of the Board.

The Code of Ethics is available on the Corporation's website at www.uraniumparticipation.com or on SEDAR under the UPC's profile at www.sedar.com.

The Audit Committee has established a policy and procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters to encourage officers and directors to raise concerns regarding accounting, internal controls or auditing matters, on a confidential basis free from discrimination, retaliation or harassment.

Shareholder Communications

The Board has put structures in place to ensure effective communication between the Corporation, its Shareholders and the public. UPC has established an investor relations procedure whereby most Shareholder concerns are dealt with on an individual basis, usually by providing requested information. Significant Shareholder concerns are brought to the attention of management or the Board. Shareholders are informed of developments in the Corporation by the issuance of timely press releases which are concurrently posted to UPC's website and filed on SEDAR.

The Board monitors the policies and procedures that are in place to provide for effective communication by the Corporation with its Shareholders and with the public generally, including effective means to enable Shareholders to communicate with senior management and the Board. The Board also monitors the policies and procedures that are in place to ensure a strong, cohesive, sustained and positive image of the Corporation with Shareholders, governments and the public generally.

Shareholders or other interested parties may communicate directly with the Chairman of the Board and any of the directors by writing to them at the Corporation's office below. Envelopes should be marked "Confidential" and to the attention of the appropriate party.

STATEMENT OF EXECUTIVE COMPENSATION

Remuneration of Officers

Under the terms of its Management Services Agreement, UPC has engaged the Manager to provide administration and management services to the Corporation, which services include the provision of officers for the Corporation. The Manager provides four officers to the Corporation, being the President and Chief Executive Officer, the Chief Financial Officer, the Vice-President Commercial and the Corporate Secretary. UPC has no employees. See "Management Contracts". A copy of the Management Services Agreement has been filed on the SEDAR website and is available at www.sedar.com or at www.uraniumparticipation.com.

The Management Services Agreement provides that any directors, officers or employees of the Manager who are also officers of UPC shall be paid by the Manager, and they shall not receive any remuneration from UPC. Accordingly, none of the Corporation's officers receive any compensation from UPC. The President and Chief Executive Officer of the Corporation also served as the President and Chief Executive Officer of DMC, the parent company of the Manager, and as such, his compensation is disclosed in DMC's most recent management information circular which has been filed on the SEDAR website and is available at www.sedar.com. The Corporation's other executive officers, Messrs. James Anderson, Chief Financial Officer, Donald Campbell, former Vice-President Commercial, and Scott Melbye, current Vice-President Commercial, were not named executive officers for DMC's past fiscal year and, as such, their compensation is not disclosed in DMC's annual management information circular. Mr. Anderson was paid \$22,000 (net of GST), Mr. Campbell was paid \$49,000 (net of GST) and Mr. Melbye was paid \$70,000 (net of GST) for their consulting services rendered during the fiscal year ended February 28, 2015, which included among other assignments, acting as the Corporation's Chief Financial Officer, former and current Vice-President, Commercial, respectively.

Compensation of Directors

In the financial year ended February 28, 2015, UPC's directors received cash compensation, including an annual retainer and an attendance fee for each meeting held. The quantum of this compensation was set in 2005.

All directors receive a retainer of \$25,000 per year, plus \$1,000 per attended meeting of the Board and committees of the Board. When Messrs. Hayslett and Mani joined the Board, the Board determined that it would be appropriate to pay their retainers and meeting fees in U.S. dollars.

When considering the appropriate level of compensation for the Corporation's directors, the Board considered a variety of factors. The Board recognized the importance of compensation in attracting and retaining desirable board candidates. In this regard, the Board considered directors' compensation offered by similar companies, such as the directors' time commitments and the risks and responsibilities that the directors of UPC assume in keeping with the roles of the Board and the standing committees. The Compensation Committee has assessed the Corporation's director compensation and has concluded that UPC's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Corporation. Because directors are compensated in a fixed manner, through a retainer and meeting fees, the Compensation Committee determined that this form of compensation was unlikely promote unnecessary risk-taking among its directors.

The Corporation also reimburses the members of the Board for out-of-pocket expenses for attending such meetings. The Corporation does not have a stock option plan or pension plan and does not pay non-equity incentive payments.

No consulting services were provided by a compensation consultant to UPC, the Board or a committee of the Board in the last two fiscal years.

The Corporation has not adopted policies with respect to whether directors are permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the director.

During the fiscal year ended February 28, 2015, the following aggregate amounts were paid to each director:

Name	Fees Earned (\$)	All Other Compensation	Total (\$)
Paul J. Bennett	\$35,000	Nil	\$35,000
Thomas Hayslett ⁽¹⁾	\$35,000	Nil	\$35,000
Jeff Kennedy	\$33,000	Nil	\$33,000
Garth A.C. MacRae	\$33,000	Nil	\$33,000
Ganpat Mani ⁽¹⁾	\$26,000	Nil	\$26,000
Richard H. McCoy	\$37,000	Nil	\$37,000

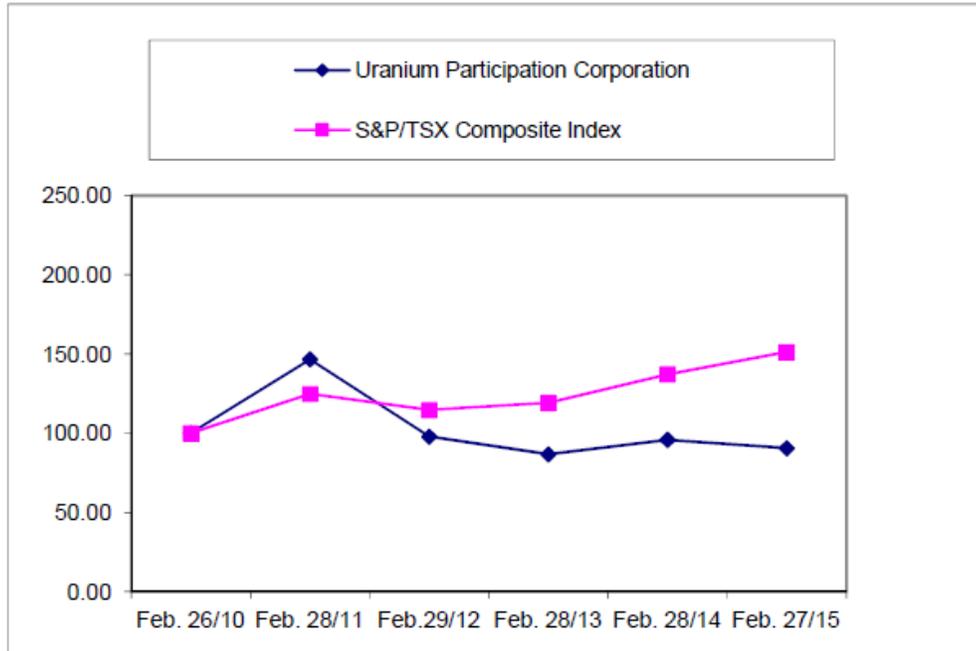

Notes:

- (1) Amounts paid to Messrs. Hayslett and Mani were paid in U.S. dollars and translated into CAD dollars at month-end closing foreign exchange rates.

Performance Graph

The following graph compares the total return for \$100 invested in Common Shares for the period from February 28, 2010 to February 28, 2015, against the total return of the S&P/TSX Composite Total Return Index for the same period, assuming reinvestment of dividends and distributions, as applicable.

	February 28, 2010	February 28, 2011	February 28, 2012	February 28, 2013	February 28, 2014	February 28, 2015
Uranium Participation Corporation	100.00	146.59	97.89	86.69	95.78	90.58
S&P/TSX Composite Index	100.00	124.84	114.67	119.16	137.12	151.26

The cumulative total shareholder return for the Common Shares has been less than the cumulative total shareholder return on the S&P/TSX Composite Index since February 28, 2010, which is consistent with returns of other natural resources companies in the current market conditions.

All officers of the Corporation are compensated by the Manager and supplied to UPC pursuant to the Management Services Agreement, which has a three year term. Part of the Manager's compensation depends on the net asset value of the Common Shares.

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

The Corporation maintains liability insurance for its directors and officers acting in their respective capacities in an aggregate amount of \$10,000,000, subject to the following deductibles: (a) \$50,000 per indemnifiable loss; and (b) \$50,000 for a loss due to a claim under Canadian securities laws. There is no deductible for a non-indemnifiable loss. The premium paid by the Corporation for this coverage is \$40,000 for the period from April 1, 2015 to March 31, 2016. No amounts were paid by individual directors and officers for this coverage.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Since the commencement of the Corporation's most recently completed financial year, no informed person of the Corporation, nominee for director or any associate or affiliate of an informed person or nominee, had any material interest, direct or indirect, in any transaction or any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries. An "informed person" means: (a) a director or executive officer of the Corporation; (b) a director or executive officer of a person or Corporation that is itself an informed person or subsidiary of the Corporation; (c) any person or Corporation who beneficially owns, directly or indirectly, voting securities of the Corporation or who exercises control or direction over voting securities of the Corporation or a combination of both carrying more than 10% of the voting rights other than voting securities held by the person or Corporation as underwriter in the course of a distribution; and (d)

the Corporation itself, if and for so long as it has purchased, redeemed or otherwise acquired any of its Common Shares.

MANAGEMENT CONTRACTS

The Corporation entered into the Management Services Agreement on April 1, 2013. The Management Services Agreement has a term of three years and may be terminated by either party upon 120 days prior written notice. The Management Services Agreement has been filed under the Corporation's profile on the SEDAR website and a copy is available at www.sedar.com or at www.uraniumparticipation.com. All purchases and sales of uranium are directed by the Board and are made by the Manager on behalf of UPC in accordance with the Management Services Agreement. The Manager is obligated to use commercially reasonable efforts to purchase and sell uranium at the best prices available to it over a prudent period of time. When the Board directs the Manager to purchase or sell uranium, the Manager may put out a tender for an offer to purchase or sell uranium or negotiate directly with potential suppliers (off-market transactions) for the purchase or sale of uranium. All purchases and sales of uranium are and will continue to be completed by the Manager in accordance with standard industry practices for and on behalf of UPC.

When the Board directs the Manager to lend uranium, the terms of the loan are reviewed, including the quantity, interest rate, duration, security and covenants, and must be approved by the Board prior to finalizing. Any lending arrangements for uranium will be completed by the Manager in accordance with standard industry practices for and on behalf of UPC.

The Manager is required to arrange, on behalf of the Corporation, storage of the uranium at licensed facilities and insurance coverage. It is also responsible for the preparation of draft regulatory filing materials and reports for Shareholders and to furnish office facilities.

The following table sets out the names and the countries and provinces of residence of each of the informed persons of the Manager and their respective positions and offices held with the Manager as of the date hereof.

The Management Services Agreement provides that any directors, officers or employees of the Manager who are also officers of UPC shall be paid by the Manager for serving in such capacity, and they shall not receive any remuneration from UPC for the same. The Management Services Agreement does not provide for any allocation of the compensation paid to the Manager under the Management Services Agreement to any of the individuals who serve as officers of UPC, and UPC is not aware of any such allocation. The officers are required to provide the amount of time to UPC's business necessary to effectively operate the business. The amount of time will vary in each year depending on the initiatives of UPC in the particular year. For example, management time will be greater on a year in which UPC undertakes a financing or acquisition transaction.

Under the Management Services Agreement, the Corporation pays the following fees to the Manager: a) a commission of 1.5% of the gross value of any purchases or sales of uranium completed at the request of the Board of Directors; b) a minimum annual management fee of \$400,000 (plus reasonable out-of-pocket expenses) plus an additional fee of 0.3% per annum based upon the Corporation's net asset value in excess of \$100,000,000; and c) a fee, at the discretion of the Board, for on-going monitoring or work associated with a transaction or arrangement (other than a financing, or the purchase or sale of uranium).

The Board of Directors of Uranium Participation Corporation recognizes the importance of adopting a written mandate and for developing position descriptions for the Board, the Chair of the Board, the Chair of each Committee of the Board and the Chief Executive Officer ("CEO") and has adopted the terms of reference effective the 25th of April, 2013.

1. MANDATE AND POSITION DESCRIPTION FOR THE BOARD

- (a) The Board has adopted the following mandate in which it explicitly acknowledges responsibility for the stewardship of the Corporation and, as part of the overall stewardship responsibility, responsibility for the following matters:
 - i. to the extent feasible, satisfying itself as to the integrity of the CEO and other executive officers and that the CEO and other executive officers create a culture of integrity throughout the organization;
 - ii. adoption of a strategic planning process and approving, on at least an annual basis, a strategic plan which takes into account, among other things, the opportunities and risks of the business;
 - iii. the identification of the principal risks of the Corporation's business and ensuring the implementation of appropriate systems to manage these risks;

- (c) At all times, a majority of the Board will satisfy the independence requirements set out by the Canadian Securities Administrators in Multilateral Instrument 52-110 and any other applicable laws and regulations as the same may be amended from time to time. The independent directors shall meet without non-independent directors, as the case may be, at least once per year to discuss the Corporation's matters.
- (d) The Corporation is committed to conducting its business in compliance with the law and the highest ethical standards, and to the highest standards of openness, honesty and accountability that its various stakeholders are entitled to expect. The Audit Committee of the Board has established a Policy and Procedures for the Receipt, Retention and Treatment of Complaints Regarding Accounting or Auditing Matters, and the Corporation has established a Code of Ethics for Directors, Officers and Employees, which establishes procedures for directors, officers and employees to report any concerns or questions they may have about violations of the Code or any laws, rules or regulations. In addition, the Board will consider adopting other measures for receiving feedback from stakeholders if at any time the Board or its independent directors consider the foregoing to be inadequate.
- (e) All new directors will receive a comprehensive orientation. This orientation may vary from director to director, depending on his or her expertise and past experience, but in each case will be sufficient to ensure that each director fully understands the role of the Board and its committees, the contribution individual directors are expected to make (including the commitment of time and resources that is

expected) and an understanding of the nature and operation of the Corporation's business.

- (f) The Board will provide continuing education opportunities for all directors, where required, so that individual directors may maintain or enhance their skills and abilities as directors, as well as to ensure that their knowledge and understanding of the Corporation's business remains current.
- (g) Prior to nominating or appointing individuals as directors, the Board will consider the advice and input of the Corporate Governance and Nominating Committee on all relevant matters, including:
 - i. the appropriate size of the Board, with a view to facilitating effective decision making;
